CUSTOM & STANDARD

Eby Company's flexible production methods offer many cost-saving options as well as the ability to provide smaller quantities while reducing tooling and make-ready costs. Our smart production methods have often resulted in substantial savings for OEMs throughout a wide range of markets and product types.

RELIABILITY

For over 90 years, Eby Company has provided superior service and top-quality products to the international electronic connector marketplace. Eby's continued success is a result of our people — dedicated and experienced engineers, salespeople, experts in design, production and management — all dedicated to winning partnerships.

QUALITY

Dedicated quality-control personnel oversee production, inspections and certification in our ANSI / ISO / QC compliant manufacturing facilities. Our quality system complies to MIL-45208 and MIL-Q-9858. An array of test equipment and in-process inspection methods assure reliable, consistent product from start to finish.

ADVANTAGE

Eby Company's sales and manufacturing personnel quickly provide a clear path to production. We cover every step from design to delivery including engineering, prototyping, scalable production methods, warehousing and delivery options — all of the resources required to fit seamlessly into your enterprise.

CABLE ASSEMBLIES

CUSTOM CABLE ASSEMBLIES & CONNECTORS

Eby Company supplies design and build services for custom cable assemblies, connectors, custom cable and wiring harnesses. Our experienced design engineers will understand your requirements and, working in concert with Eby production personnel, will provide prints and rapid prototyping service. When the perfect fit is assured, you can be assured of dependable delivery of high quality product from our standards-compliant manufacturing and strategic warehousing facilities.

Eby Company is committed to being your reliable, lower-cost supplier in the very competitive cable assembly and connector industry.

Custom cable assemblies complete with the custom connectors you need manufactured to your specifications:

- Coaxial Cable Assemblies
- MIL-SPEC Cable and Connectors
- AC & DC Power Cords
- Audio & Video Cables
- Battery Cables
- Ribbon Cables / IDC Cables
- D-Sub Cables
- HDMI Cables
- Multi-Conductor Cables

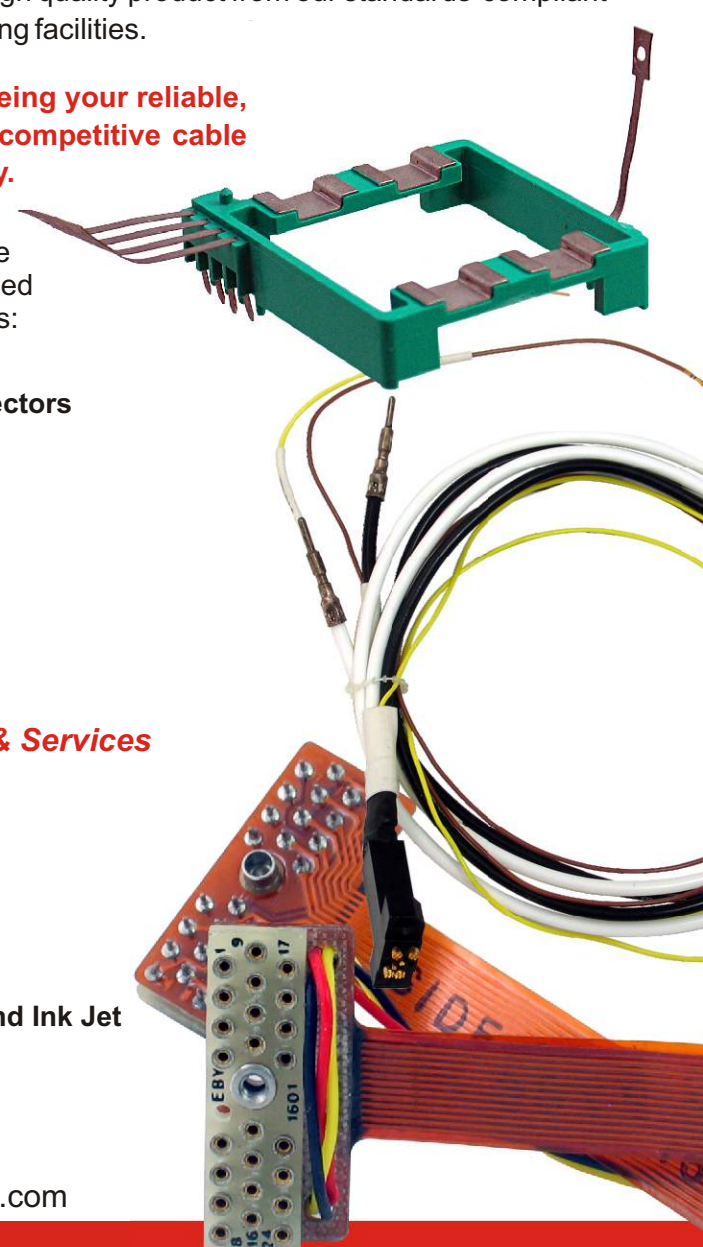

Extended Capabilities & Services

- 30AWG to 300MCM (5/0)
- Injection Molding
- Metal Stamping
- Automatic Termination
- Ultrasonic Welding
- Heat Staking
- Printing — Hot Stamp and Ink Jet
